

Uncoated Solid Board Box

Our 100% recyclable solid board boxes are an environmentally friendly substitute for polystyrene (EPS) and plastic returnable crates. Alongside their sustainable properties, our boxes can be flat packed to save you transport costs, reduce in-house forklift movements and save warehouse/factory space.

About Us

Anderton Board are a family owned, independent UK business, established in 1850. Known for our flexibility and reliability, we serve as an agent, merchant and converter of solid board and packaging and represent some of the world's leading mills.
